Viridis Energy  
Environmental Health & Safety & Sustainability  
Safety Roadmap for 2015

*Viridis Energy believes in **empowering** employees to create a safe, sustainable and collaborative workplace. A world-class operation requires an effective safety culture that is inherent in every employee; and safety is integrated in every task, every day.*

*Empowerment begins with knowledge. Employees will be educated on the importance of dust management, preventative maintenance, safe operating procedures and overall safety.*

*Employees will be held accountable and given the opportunity to hold management and their peers accountable. Employees will be inspired to make a difference and strive for continuous improvement. Success will be met with incentives and employee corporate ownership.*
